Title: "Living in 3D"

Luke 15

---

**Walk-across-the-room people are people who live life in "3D"; they CONSTANTLY look for ways to:**

1. Develop friendships

2. Discover stories

3. Discern appropriate next steps

## Small Group Discussion Questions:

- 1) Pastor John talked about direct and indirect variations. Which variation best describes you in your walk with Christ?
  
- 2) What steps can you take to move towards the model Christ has given us for spreading his grace to a needy world?
  
- 3) In the message, the 3 parables in Luke 15 were used to describe God's heart for lost people. How would you describe your heart for people far from God? How does your heart resemble that of the Pharisees? Share some of your "better-be's" (your qualifiers for people)
  
- 4) How do you specifically develop friendships with people far from God? If you do not, why not?
  
- 5) What next steps have others taken for you?
  
- 6) What simple steps might the Holy Spirit be prompting you to take in order to meet a few needs you see this week?
